

Company introduction

CONTENTS

QuZhou Skylark Technology co.,ltd. SKYLARK focuses on the research and development and production of mechanical and electrical products. After years of efforts and accumulation, we have a number of technical patents and various kinds of high-quality mechanical and electrical products. The company has 10 professional r & D and design personnel, the production workshop has 3000 square meters.

SKYLARK main services: to provide customers with mechanical and electrical products design and development, product production services. SKYLARK manufacture and sell a variety of micro electronic products, Automotive electronic valves, Electric suction cups, Micro vacuum pumps, Electric motors and accessoried and so on.

SKYLARK provides comprehensive product services, including product design, production and sales services. Provide product design services according to product performance requirements, and make products according to product design drawings.

Technology is the primary productivity, SKYLARK maintain product research and development, constantly improve product quality, And develop new products. Help partners to win more business opportunities, Let us develop together.

We warmly welcome clients from all over the world come to visit our factory and we create our brilliant future together.

01

Vacuum suction cup

Paver 23

35

laser level

Single-layer single exhaust manual suction cup

Product technical parameters

Model	GED-8XPS40
Power supply mode	/
Size	8 inchs (20cm)
Handle color	Black,red or custom
Packaging configuration	Carton box/plastic box,main machine
Output voltage	/
Charging time	/
Cell	No cell
Battery capacity	/
Battery life	/
Speed	/
Gear adjustment	/
Product material	PA66+rubber

VACUUM SUCTION CUP

GED SKYLARK

Single-layer double-exhaust manual suction cup

Product technical parameters

Model	GED-8XPS50
Power supply mode	/
Size	8 inchs (20cm)
Handle color	Black,red or custom
Packaging configuration	Carton box/plastic box,main machine,parts package (sealing ring,iron hook,dustproof cotton)
Output voltage	/
Charging time	/
Cell	No cell
Battery capacity	/
Battery life	/
Speed	/
Gear adjustment	/
Product material	PA66+rubber

VACUUM SUCTION CUP

GED SKYLARK

Double-layer double-exhaust manual suction cup

Product technical parameters

Model	GED-8XPS60
Power supply mode	/
Size	8 inches (20cm)
Handle color	Black, red or custom
Packaging configuration	Carton box/plastic box, main machine, parts package (sealing ring, iron hook, dustproof cotton)
Output voltage	/
Charging time	/
Cell	No cell
Battery capacity	/
Battery life	/
Speed	/
Gear adjustment	/
Product material	PA66+rubber

Double-layer double-exhaust manual suction cup with pressure gauge

Product technical parameters

Model	GED-8XPS70
Power supply mode	/
Size	8 inches (20cm)
Handle color	Black, red or custom
Packaging configuration	Carton box/plastic box, main machine, parts package (sealing ring, iron hook, dustproof cotton)
Output voltage	/
Charging time	/
Cell	No cell
Battery capacity	/
Battery life	/
Speed	/
Gear adjustment	/
Product material	PA66+rubber

Single-layer single exhaust electric suction cup

Product technical parameters

Model	GED-8XPD40
Power supply mode	3.7V lithium battery
Size	8 inchs (20cm)
Handle color	Black,red or custom
Packaging configuration	Carton box/plastic box,main machine
Output voltage	3.7V
Charging time	5 hours
Cell	18650 cell
Battery capacity	2,000mAh
Battery life	5 hours
Speed	5,000rpm
Gear adjustment	/
Product material	PA66+rubber

VACUUM SUCTION CUP

GED SKYLARK

Single-layer double-exhaust electric suction cup

Product technical parameters

Model	GED-8XPD50
Power supply mode	3.7V lithium battery
Size	8 inchs (20cm)
Handle color	Black,red or custom
Packaging configuration	Carton box/plastic box,main machine,parts package (sealing ring,iron hook,dustproof cotton)
Output voltage	3.7V
Charging time	5 hours
Cell	18650 cell
Battery capacity	2,000mAh
Battery life	5 hours
Speed	5,000rpm
Gear adjustment	/
Product material	PA66+rubber

VACUUM SUCTION CUP

GED SKYLARK

Double-layer double-exhaust electric suction cup

Product technical parameters

Model	GED-8XPD60
Power supply mode	3.7V lithium battery
Size	8 inchs (20cm)
Handle color	Black,red or custom
Packaging configuration	Carton box/plastic box,main machine,parts package (sealing ring,iron hook,dustproof cotton)
Output voltage	3.7V
Charging time	5 hours
Cell	18650 cell
Battery capacity	2,000mAh
Battery life	5 hours
Speed	5,000rpm
Gear adjustment	/
Product material	PA66+rubber

Double-layer double-exhaust electric suction cup with pressure gauge

Product technical parameters

Model	GED-8XPD70
Power supply mode	3.7V lithium battery
Size	8 inchs (20cm)
Handle color	Black,red or custom
Packaging configuration	Carton box/plastic box,main machine,parts package (sealing ring,iron hook,dustproof cotton)
Output voltage	3.7V
Charging time	5 hours
Cell	18650 cell
Battery capacity	2,000mAh
Battery life	5 hours
Speed	5,000rpm
Gear adjustment	/
Product material	PA66+rubber

Suction cup special accessories electric pump core

Product technical parameters

Model	GED-QB10
Power supply mode	3.7V lithium battery
Size	D2.8*16CM
Handle color	Black,red or custom
Packaging configuration	Carton box,electric pump core,accessory kit (lithium battery, charger)
Output voltage	3.7V
Charging time	5 hours
Cell	18650 cell
Battery capacity	2,000mAh
Battery life	5 hours
Speed	5,000rpm
Gear adjustment	/
Key function	Click Start,click Shut Down

Digital display intelligent electric suction cup

Product technical parameters

Model	GED-DX01
Size	8 inches (20cm)
Handle color	Black,red, Gray or custom
Packaging configuration	Carton box/plastic box,suction cup,accessory kit (lithium battery, charger)
Power supply mode	3.7V lithium battery
Output voltage	3.7V
Charging time	3 hours
Cell	18650 cell
Battery capacity	1,200mAh*2
Battery life	More than one week
Power	3W
Key function	Long press to turn on, double click to turn off
Product material	PA6+rubber

Digital display intelligent electric suction cup

Product technical parameters

Model	GED-DX02
Size	18*30*12cm
Handle color	Black
Packaging configuration	Plastic box,suction cups,accessories kit (lithium battery,charger)
Power supply mode	16.8Vlithiumbattery
Output voltage	16.8V
Charging time	3hours
Cell	18650cell
Battery capacity	1500mAh*4
Battery life	Morethanoneweek
Power	15W
Key function	Longpressredbuttontoturnon,longpressblackbuttontoturnoff
Product material	PA6+rubber

Product technical parameters

Model	GED-PV07
Color	Black
Power supply mode	12V lithium battery
Packaging configuration	Plastic box, host, parts package (charger, battery, etc.)
Output voltage	12V
Charging time	3 hours
Cell	18650 cell*3
Speed	12,000r/min
Sucker size	130mm (applicable to 30-150cm ceramic tile)
Maximum suction	100kg
Outer box size	76*40*39cm
Number of packages	10 sets
Rough weight	27.5kg
Net weight	26kg

Product technical parameters

Model	GED-PV07L (aluminum alloy head shell)
Color	Black
Power supply mode	12V lithium battery
Packaging configuration	Plastic box, host, parts package (charger, battery, etc.)
Output voltage	12V
Charging time	3 hours
Cell	18650 cell*3
Speed	12,000r/min
Sucker size	130mm (applicable to 30-150cm ceramic tile)
Maximum suction	100kg
Outer box size	76*40*39cm
Number of packages	10 sets
Rough weight	27.5kg
Net weight	26kg

Product technical parameters

Model	GED-PV08
Color	Black
Power supply mode	12V lithium battery
Packaging configuration	Plastic box, host, parts package (charger, battery, etc.)
Output voltage	12V
Charging time	3 hours
Cell	18650 cell*3
Speed	12,000r/min
Sucker size	130mm (applicable to 30-100cm ceramic tile)
Maximum suction	80kg
Outer box size	76*40*39cm
Number of packages	10 sets
Rough weight	24.5kg
Net weight	23kg

Product technical parameters

Model	GED-PV10
Color	Black
Power supply mode	21V lithium battery
Packaging configuration	Plastic box, host, parts package (charger, battery, etc.)
Output voltage	21V
Charging time	3 hours
Cell	18650 cell*5
Speed	23,000r/min
Sucker size	180mm (applicable to 30-180cm ceramic tile)
Maximum suction	150kg
Outer box size	58.5*35*54cm
Number of packages	6 sets
Rough weight	22kg
Net weight	21kg

Product technical parameters

Model	GED-PH15
Color	Red & black
Power supply mode	21V lithium battery
Packaging configuration	Plastic box, host, parts package (charger, battery, etc.)
Function	Digital display, touch screen, one click lock
Output voltage	21V
Charging time	3 hours
Cell	18650 cell*5
Speed	26,000r/min
Sucker size	210mm (applicable to 30-210cm ceramic tile)
Maximum suction	120kg
Outer box size	55*40*59.5cm
Number of packages	6 sets
Rough weight	25.5kg
Net weight	24kg

Product technical parameters

Model	GED-PH16
Color	Red & black
Power supply mode	12V lithium battery
Packaging configuration	Plastic box, host, parts package (charger, battery, etc.)
Function	Digital display, touch screen, one click lock
Output voltage	12V
Charging time	3 hours
Cell	18650 cell*3
Speed	20,000r/min
Sucker size	180mm (applicable to 30-180cm ceramic tile)
Maximum suction	100kg
Outer box size	51*38.5*54cm
Number of packages	8 sets
Rough weight	26kg
Net weight	24.5kg

8-line

Product technical parameters

Model	GED-LJS8
Color	Green or custom
Power supply mode	3.7V lithium battery
Packaging configuration	Cloth bag, host, parts package (wall bracket, lifting table, remote control, charger, battery, etc.)
Charging time	3 hours
Cell	18650 cell
Battery capacity	1,200mAh*2
Battery life	2.5-5 hours
Working distance	30m
Line width	2mm
Laser wavelength	515nm
Launch angle	360°
Precision	5m±1mm

12-line

Product technical parameters

Model	GED-LJS12
Color	Green or custom
Power supply mode	3.7V lithium battery
Packaging configuration	Cloth bag, host, parts package (wall bracket, lifting table, remote control, charger, battery, etc.)
Charging time	3 hours
Cell	18650 cell
Battery capacity	1,200mAh*2
Battery life	2.5-5 hours
Working distance	30m
Line width	2mm
Laser wavelength	515nm
Launch angle	360°
Precision	5m±1mm

16-line

Product technical parameters

Model	GED-LJS16
Color	Green or custom
Power supply mode	3.7V lithium battery
Packaging configuration	Cloth bag, host, parts package (wall bracket, lifting table, remote control, charger, battery, etc.)
Charging time	3 hours
Cell	18650 cell
Battery capacity	1,200mAh*2
Battery life	2.5-5 hours
Working distance	30m
Line width	2mm
Laser wavelength	515nm
Launch angle	360°
Precision	5m±1mm
